# Senate Rights Bill Backers Aim For Passage by Tonight

WASHINGTON (AP) — Ending its long historic debate, the Senate is expected to pass the civil rights bill by tonight. The House is poised to start action on it immediately so that it can be in President Johnson's hands by July 4.

Senate leaders said a survey showed about four hours of speeches are left and estimated this would mean final passage by 6 p.m.

## Cuban Farm Output Lags

### Major Changes In Planning Stage

HAVANA (AP)—Cuba's land reform chief draws a bleak picture of farm production under the Castro regime, but he claims most pressing agricultural problems will be solved by 1966.

This will entail major changes in the organization of agriculture introduced after Fidel Castro came to power in 1959 and partial mechanization of the sugar harvest with 100 Soviet cane cutters.

Carlos Rafael Rodriguez, president of the National Agrarian Reform Institute, revealed contemplated changes in farm methods — and the reasons for them — in an interview.

In two years, Rodriguez said, with nagging problems out of the way, "we'll be in full development which will enable us to achieve our goal of a 10-million-ton sugar crop in 1970."

Rodriguez, a member of the Cuban Communist hierarchy long before Castro won power, declined to comment on the outlook for the current sugar harvest. Castro has classified production top secret.

Western and Eastern European sources here speculate the crop will be somewhat above last year's reported 3.8 million tons. U.S. forecasters in Washington have predicted a drop to 3.3 million tons, less than half the 1960-61 output.

A thorough overhaul of Cuba's farming organization is planned by the end of this year, Rodriguez said. An immediate objective will be decentralization of day-to-day control.

"We have found it is not possible to run agriculture from Havana," said Rodriguez.

Already under way is the consolidation of some 800 state farms into 60 production units of 250,000 to 500,000 acres each. The consolidated units will specialize in particular crops.

Rodriguez said their management will be handled by a central office.

## Committee Split Over Aid Measure

WASHINGTON (AP) — President Johnson's reported insistence that Congress give him every dollar of the \$3.5 billion he wants for the foreign-aid program is stirring up a hornet's nest in the House Appropriations Committee.

The present outlook is that the President will win, or come close to victory, when an 11-member subcommittee sits down next week to make the initial money decisions.

The subcommittee, headed by Rep. Otto E. Passman, D-La., has a history of cutting the aid program, Passman claiming that during his nine years as chairman the cuts have exceeded \$8 billion. The House usually sustains Passman's recommendations after they clear the 50-

'OLD-FASHIONED DAYS' RETURN — Quaint costumes like the one worn (above) by Nancy Boyd of 1621 Shady Lane, were much in evidence Thursday as Salem merchants opened their annual "Old Fashioned Bargain Days" sales event. The young shoppers with the cotton candy in front of the Murphy store are Christine Penrod, 9, (left) of Southeast Blvd. and Paula Butch, 8, of Pine Lake Rd. Hundreds of shoppers are being attracted to town by the retail merchants' event, which continued today, tonight and Saturday.

## Racial Violence Erupts Again

### 57 Persons Jailed In St. Augustine

ST. AUGUSTINE, Fla. (AP) — Negro integration leaders, rejecting an offer of a truce on the heels of renewed racial violence, said they would offer their own truce terms today.

However, the white population, angered by an attempt of Negroes to integrate a plush white motel swimming pool, indicated they might not be willing to listen.

"We will make a counter-proposal," said Dr. Martin Luther King Jr., after rejecting the special session grand jury presentation Thursday calling for a 30-day truce.

State Sen. Verle Pope, a spokesman for the businessmen's group, said the demonstrations Wednesday night and Thursday indicate a lack of good faith among the integrationists.

"The people of St. Augustine will never yield to stipulations set forth by outside groups," he said.

Fifty-seven more demonstrators, including 16 rabbis and a Jewish layman, went to jail Thursday—pushing the total arrests for the week to about 250. Most remained in jail.

A melee erupted Thursday after five Negroes and two white integrationists jumped in a swimming pool at Monson Motor Lodge—a prime target of demonstrators.

Manager James Brock pushed and pulled some of the rabbis. An off-duty policeman yanked off his shoes, leaped into the pool and began grappling with one white man.

Brock dumped containers of muriatic acid, a cleansing fluid for pools, into the water. It was not strong enough to cause burns when diluted by the water.

The two white swimmers, registered guests at the hotel, were the Rev. Al Lingo, a recent graduate of a seminary, and Peter Shiras, headmaster of an Episcopal school in Washington.

The brothers pulled from the pool and arrested by police were charged with breach of the peace, trespassing and resisting arrest with violence. Bond was set at \$400 each.

A nightly march, composed of about 195 persons, stopped in front of Monson's where Hosea Williams of Savannah, Ga., began a speech.

Sheriff L. O. Davis, interrupted saying: "You wanted to march—now march!"

When Williams failed to comply, Davis arrested the Negro who was charged with failing to obey an officer's command.

## No Reports of New Deaths

# Japanese City Hit By Another Quake

NIIGATA, Japan (AP) — Another earthquake rocked this northern port city today as it struggled with the aftermath of Tuesday's quake—Japan's most violent in 40 years.

Buildings already weakened on Tuesday suffered damage. But there were no immediate reports of new deaths or injuries.

The Central Meteorological Agency said the new quake, centered in the Sea of Japan off Niigata, struck the port on the northwest coast with a force of 3 on the Japanese scale, which has a maximum of 7.

Tuesday's disastrous quake which spread death and destruction over 200 miles of Japan's north west coast, was rated at 5.

The new quake hit as Niigata firemen were bringing under control a raging oil fire, set ablaze by the earlier tremor.

U.S. Air Force planes parachuted another 14 tons of fire fighting chemical foam to Niigata's weary firemen at dusk. A pilot sank a block-square storage tank complex on the waterfront was still burning fiercely, shooting flames 300 to 400 feet into the air, as his plane made a pass over the stricken city.

## Two Persons Injured In Road Mishaps

The Lisbon post of the State Highway Patrol reports a 13-year-old Dallas, Tex., girl suffered possible head injuries in a collision between cars driven by two East Liverpool youths Thursday at 11:50 p.m. on County Rd. 430 near Calcutta.

Treated at East Liverpool City Hospital was Olivia Frost, a passenger in a car operated by Linda Mae Springer, 18, of RD 1, East Liverpool.

The Patrol said an auto driven by Robert V. Willson, 19, of East Liverpool was headed west on the county road when it ran off the pavement. In returning to the road, Willson's car plowed into the eastbound Springer vehicle. Neither was cited.

## Notes Increasing Enrollment

# Green Board Raises Bus Drivers' Wages

GREENFORD — The Green Local District Board of Education Thursday night increased the bus drivers' annual pay by \$135 each and was presented census figures showing an increase of 71 school-age children in the district this year.

Supt. of Schools W. W. Bailey said the niked pay for five bus drivers is to cover extra trips they make, such as transporting athletes and the band to "away" games. The five permanent drivers affected by the raise are Wayne Johnson, Charles Mercer, David Roller, Bert Schaefer, and Earl Slagle.

Bailey told the board the recently completed enumeration indicates there are 675 students in the district between the ages of 5 and 18. Last year the census figure totaled 604. The new addition to the school will readily accommodate the rising enrollment, which has been creeping up gradually in recent years, he added.

The board began hammering

## Decision Hit by Scranton

# Goldwater to Vote Against Rights Bill

WASHINGTON (AP) — Sen. Barry Goldwater's decision to vote against the civil rights bill has triggered a warning from Pennsylvania Gov. William W. Scranton that it means the senator would be unable to defeat President Johnson next November.

But a Southern Democrat, Sen. Allen J. Ellender of Louisiana, says that if Goldwater,

front-runner for the GOP nomination, votes against the measure, he could carry the South against the President.

Their reactions came shortly after Goldwater had told the Senate late Thursday he is "unalterably opposed to discrimination of any sort" but is opposed to the bill because two sections of it "fly in the face of the Constitution."

He said he feels these two sections — the public accommodations and equal employment titles — are a threat to individual freedoms.

Goldwater is known to feel that the reaction to his decision might knock out of his column some of his Republican National Convention delegates.

But the Arizona senator insisted Thursday he had voted as a matter of principle, not of political expediency.

One possible effect: To underscore the differences between Goldwater and Scranton who is his 11th hour challenger for the nomination.

That is what Scranton has been trying to do since he launched his campaign last Friday.

## LBJ on Tour Of California

### State Dems United Behind President

SAN FRANCISCO (AP)—California Democrats greet President Johnson today in unity, the scars of a bitter party primary healed in an effort to deliver the nation's most populous state to him in November.

As the president heads into a weekend tour, the familiar figure of his former White House press secretary, Pierre Salinger, will be up front with state leaders saying hello. Salinger defeated State Controller Alan Cranston for the Democratic senatorial nomination June 2.

Johnson's first stop was top-secret Edwards Air Force Base in Southern California desert country. Next in line was a plane hop to San Francisco, then a helicopter jaunt across San Francisco Bay.

At Concord, the chief executive was to break ground for the country's pioneer rapid transit system, a \$792-million project linking San Francisco and urban areas across the bay.

On tap for tonight was a \$100-a-plate party "Salute to President Johnson" dinner.

Saturday morning, Johnson will go on to Southern California, then back to Washington Sunday.

California Democratic leaders are counting on the President to run in November. They are eager to soothe the sting of John F. Kennedy's 1960 ballot-thin loss in Richard M. Nixon's home state by helping capture California's 40 electoral votes for Johnson.

The lineup at tonight's dinner was symbolic of the binding of party wounds. Salinger and Cranston expected to be at the head table, along with other party leaders who chose up sides up in their rugged contest.

One was Democratic Gov. Edmund G. Brown — a Cranston backer — who noted, "I did put my personal reputation at stake," in a losing cause. But the winner over Nixon in 1962's at governorship battle had the satisfaction of trouncing a rival slate of delegates to August's Democratic National Convention.

Brown, mentioned as a possible vice-presidential choice, will head a delegation officially uncommitted but clearly committed to Johnson.

Salinger, Cranston and Brown are leading the party's unity drive and foresee a much easier time Nov. 3 for all candidates in

## Commission To Give Report In Two Weeks

### Investigators Hint Some 'Surprises' May Be Disclosed

WASHINGTON (AP) — The hearings are over and the findings due within a fortnight, but the Warren commission kept its door ajar today for any belated disclosures on the assassination of President John F. Kennedy.

If the presidential body headed by Chief Justice Earl Warren meets its timetable, the public will know by June 30 all that the investigative resources of the government could uncover on the Dallas tragedy of last Nov. 22.

President Johnson will receive a report totaling more than 500 pages, supported by transcripts of testimony which are said to rival in bulk the findings of the Pearl Harbor Commission after World War II.

There may be some surprises, commission sources have hinted. But there is no indication that the seven-month investigation has turned up any disclosures casting serious doubt on the FBI's original basic conclusions.

The FBI's report remains secret still, but it is known to indicate that Lee Harvey Oswald, the embittered ex-Marine marksman, conceived the slaying and executed it alone. Two days after the assassination, Oswald was shot to death in the Dallas jail by Jack Ruby, Dallas night club operator.

It was learned, however, that the commission stands ready to receive any last-minute information offered and may itself recall witnesses if members find any points which need clarifying during the writing of the report.

In addition, FBI Director J. Edgar Hoover has predicted that investigations will continue "for years to come," even though the life of the Warren commission expires with the filing of its report.

## Scranton Bids For Kentucky Delegates

HARRISBURG, Pa. (AP)—Gov. William W. Scranton of Pennsylvania, back from a whirlwind tour of the Midwest, today heads for Kentucky in his campaign for the Republican presidential nomination.

Scranton's immediate object is to capture Kentucky's 24 uncommitted delegate votes at the GOP National Convention.

On the eve of his flying trip to Louisville, Scranton disclosed receipt of a letter of endorsement from Dr. Milton S. Eisenhower, brother of former President Dwight D. Eisenhower. The former president himself has remained neutral in the campaign.

Scranton also told a news conference Thursday night that Sen. Barry Goldwater of Ari-

# Blonde Bombshell

By HAL BOYLE

NEW YORK (AP)—The fate of the sex goddess in America often is to be sacrificed on her own altar.

They ride in lonely chariots through the mobs to their solitary doom.

Such was the fate of Marilyn

Monroe, also of an earlier movie sex queen—Jean Harlow. Each wanted to be a serious actress, and was laughed at. Each found a highly paid existence as a mere sex symbol empty and unbearable.

As a youth, I used to have my teeth fixed by a friendly Kansas City dentist named Dr. Montclair Carpenter, an easy man with the drill.

He always would let up on the drill and smile with pleasure when asked how his pretty young daughter, Harlean, was doing in Hollywood. She had gone there some time before with her mother, who had divorced Dr. Carpenter to marry a man named Marino Bello.

After an obscure start in pictures, Harlean Carpenter became Jean Harlow.

She became the epitome of glamor. She costarred with some of the leading actors of her day. She had a \$100,000 house on a hill, a swimming pool, servants, expensive cars, a wardrobe that might stir a real queen's envy.

But behind a facade of splendor Jean Harlow led a life of gilded misery.

Just how sordid and miserable a life this beautiful star actually had is told fully for the first time in a new book "Harlow," by Irving Shulman. It is based on the long-withheld testimony of the man who knew her best—her agent, Arthur Landau.

According to this intimate biography:

Although she earned thousands of dollars weekly, she was chronically in debt, partly because she was squeezed dry by her mother and avaricious stepfather.

She was tormented by filthy letters written to her by anonymous men.

She made a bitter enemy of one studio boss because she laughed in his face when he offered her a mink coat in return for a performance that wouldn't require the presence of cameras.

As she lay dying in a coma, her mother held her virtual prisoner because the mother didn't believe in doctors or hospitals.

One of her former leading men, a man she deeply admired, put up the \$25,000 for her tomb.

Jean Harlow, "the blonde bombshell," died of uremic poisoning in 1937 at the age of 26. The industry immediately turned to the task of building a new sex goddess.

## Lisbon Post Office Contract Awarded

LISBON - Congressman Wayne L. Hays announced Thursday that the F. and S. Construction Co. of Steubenville has been awarded the contract for the construction of Lisbon's new post office on W. Lincoln Way.

Under terms of the transaction, the company will build the structure and lease it to the village.

Hays said the firm submitted a lease bid of \$6,966 per year for the basic 10-year lease, and for each of the four five-year renewal periods.

The new post office will have 4,074 square feet of working area, 422 square feet of loading space and 9,483 square feet of parking area.

Construction is expected to begin as soon as the Viola B. Gintz property at 218-220 W. Lincoln Way, the post office site, is torn down.

## Wheat Applications Being Accepted

The Agricultural Stabilization Conservation office is accepting 1965 new wheat allotment applications for certain farms in Columbiana County, according to J. Glenn Bates, chairman of the ASC committee.

A producer who intends to seed wheat for 1965 on a farm for which a 1964 allotment was not established, or where the allotment will be canceled because the farm is not entitled to wheat history acreage credit for any of the years 1962, 1963 or 1964, and who desires to be considered for an allotment, should make application as soon as possible.

Application forms are available in the ASC county office

at Lisbon for use in filing a request for the allotment. Producers must have applied in writing by June 30, Bates said.

## American Money Abroad

American money, long receiving a dusty welcome in France, is beginning to get a cold reception in Great Britain.

Reginald Maudling, chancellor of the Exchequer, has described a Chrysler Corp. \$35 million bid for an interest in Rootes Motors Ltd. as "a very good thing" for "the motor industry," but the deal requiring government approval, has been severely criticized by Labor party spokesmen.

General Motors and Ford own two of Britain's biggest automobile companies. Ford completed purchase of its own subsidiary in January 1961. G.M. controls Vauxhall.

The Ford purchase was criticized here more than in Britain because it contributed to the U.S. payments imbalance. Now the fear in Britain is that with the Chrysler deal 50 per cent of all cars

made in that country would be either wholly or partly within American control.

The left-wing Sunday Citizen in attacking the link-up asks: "How long will it be before the entire British motor manufacturing industry is controlled by American capital? A few years ago it would have been ridiculous to ask that question. It can be asked in all seriousness today."

The Daily Telegraph, on the other hand, reassures its readers: "The deal is in no way comparable with the Ford takeover at Dagenham. Control will remain in British hands, and the gain in terms of technical expertise and world marketing facilities to the British motor industry will undoubtedly be a real one."

Chrysler's recent acquisition of control of the Simca auto works in France and the announcement that Libby, McNeill and Libby planned to build a big canning plant there stirred fears of "coca-colonialism." The French, like the Canadians, have long been apprehensive of foreign economic domination.

A real fear is that a foreign owner will shut down its plant and throw its men out of work. When Remington closed its plant at Caluire, French Finance Minister Valery Giscard d'Estaing complained: "This involved the wholesale discharge of its workers, which is normal procedure in the United States, but not here."

## In the Middle

The United States has told both Ankara and Athens that it wants no fighting over Cyprus, without spelling out what it would do about it if Greece and Turkey ever started a shoot-out.

But there is no uncertainty about where the United States would be if a shoot-out began—in the middle, as usual.

It could not do anything to either side that would offend the other. Greece and Turkey are allies of the United States in the North Atlantic Treaty Organization. Both are friends of the United States.

Both have influential minorities of former nationals and descendants of immigrants in the United States. The United States would be presiding over a quarrel between two friends.

This would be even touchier than its position in the quarrel between the Arab bloc and Israel. It cannot afford to offend either of them, either. Yet the day draws closer when it will have to offend one to save the other.

It is in the same position in the quarrel between India and Pakistan, in the friction between Spain and the European Economic Community and in half a dozen lesser quarrels around the globe.

It can't afford to lose and it can't afford to win. everybody wants it to preserve peace and hates it for trying.

## Overdue Books

Patrons of the Salem Public Library like their books so well they're getting in the bad habit of keeping them past the allotted time. As the result, the board of trustees has voted to increase the penalty for overdue books to three cents a day, effective Aug. 1.

In May alone, notices had to be mailed to 550 borrowers who either have poor memories or found the books intriguing.

Perhaps the library board would give consideration to the purchase of a curb-side book return box where patrons can drop in their books without leaving their cars. Receptacles of this type are popular in the larger cities.

## Environment

By Truman Twill

By inclination and persuasion, I am an environmentalist.

With due allowance for built-in limitations, I think every child is born mentally blank and what happens to it from then on determines what it will be.

I feel so sure of this I believe a baby picked up whenever it cries turns into an adult pest that makes a loud noise every time it wants attention the rest of its life.

I think children are clean slates on which is written the record of their environment. Find out what happened to them in their impressionable stages and you will know their problems.

This is why I get the creeps when I think about the whirlwind being generated for this republic by jamming millions of human beings into huge cities, lacking space, natural surroundings, normal relaxation and decent examples of serene life.

IF HUMAN BEINGS were to do to lower animals what they do to one another in respect to environment, the law would be invoked.

There are laws about how many cattle can be crowded into a cattle car but not about how many down-and-outers can be stuffed into a cold-water tenement in New York City that already is overpopulated with rats.

Laws make it possible to imprison people who abuse animals by denying them adequate food and water. Adequate shelter can be denied to people and nothing hap-

pens but a mumbo-jumbo about no interference with free enterprise and the rights of property.

Gangs of wild kids roam the streets of cities, mugging, pillaging, terrorizing and vandalizing. But let one maverick steer break out of a stockyard while awaiting an appointment with the executioner and a roundup is staged with every policeman who can make the scene.

WHEN THE whirlwind of inhumane environment swirls and roars, people wring their hands and wonder what caused it. It does not occur to them that animals in zoos are better cared for than the apprentice thugs, terrorists, muggers, hopheads, reefer smokers, thieves and jail-bait jam-packed into huge cities.

The miraculous thing is that some city kids forced to live in their unnatural and inhumane manner rise above their environment and turn out all right. Whereupon they are pointed to as examples to prove there is nothing wrong with the environment, only with the kids who fail to rise above it.

Bosh. As Bobby Burns said, "Man's inhumanity to man makes countless thousands mourn."

But it shouldn't surprise anybody. Not after knowing what's done to kids in the big cities—as if we were trying to raise a generation of pariahs and doing a bang-up job of it.

The Smacking of Parched Lips Is Heard Throughout the Land

## 'Hoffa Desk' Under Probe

By VICTOR RIESEL

Victor Riesel

Quietly, Attorney General Robert Kennedy, the Justice Department and its so-called "Hoffa desk" are being investigated by a congressional subcommittee.

This is what Teamsters chief Jim Hoffa has been demanding for years. Apparently he has whipped up enough strength in the House of Representatives to force the Judiciary Committee chairman, Emanuel Celler, to appoint a five-man subcommittee to look into Hoffa's drum-beating charges that he is suffering persecution by prosecution.

Leading the congressional band which has been so sensitive to alleged encroachments on Hoffa's civil rights is Illinois Congressman Roland Libonati, long a power in Chicago politics. He is a member of the Judiciary Committee, though he is not on the five-man group named by Mr. Celler to probe Bob Kennedy.

Chief, who also heads this smaller investigating body was concerned over the leakage of the news of its activities.

HE TOLD this column that this was a "delicate matter" and he did not want any per-

son or force "to make a cat-paw out of the investigation."

"There have been a number of charges concerning abuses of power by the attorney general," said Celler. "So I appointed a special committee to examine the truth or falsity of these assertions. We're doing everything in executive session. There will not be any public forum while there is a pending case. We don't want to be responsible for a mistrial. Nor are we going to retry the old case. However, if there are any violations of Hoffa's civil rights, we'll take some action."

The first move of the five-man subcommittee staff was to get a complete transcript of the Chattanooga trial which ran from Jan. 20 to March 4. Its voluminous and is being minutely examined by two special counsels.

APPARENTLY the Hoffa forces haven't the slightest intention of permitting the subcommittee to operate quietly and in executive session.

Already allies of the Teamsters chief in and out of Congress—where surprisingly there and plenty are rounding up favorable character witnesses. They have been rounding up congressmen and seeking out labor leaders who would be willing to testify under oath as to Hoffa's sterling character despite the Chattanooga conviction.

tion for jury tampering.

Congressman Libonati, who is deeply worried by what has happened to Hoffa, has prepared 30 questions for the subcommittee to pursue. These range all the way from inquiries on whether someone in the Justice Department tried to get someone to put a "voodoo" hex on a witness in the trial to whether the marshals had brainwashed the jury or given wild parties.

Libonati wants to know if "call girls" were employed or whether there were lewd goings-on in one of the hotels where many of those involved in the long trial were quartered.

The Chicago congressman seems particularly perturbed by Edward L. Partin, the Teamster official who testified against Jim Hoffa. Libonati wants to know if Partin was tied up with Castro or any of his "Communist generals."

SUCH INTENSITY on the part of the representative from Chicago has startled insiders. Some observers are saying privately that if the congressman really is interested in Teamsters who tried to do business with Fidel Castro, the legislator could find one high official who actually attempted to do business in Cuba.

Libonati might also be interested in a chap who has lived in Hoffa's home for many years — a fellow by the name

of Charles (Chuck) O'Brien. He is a Teamsters official and soon will stand trial on federal charges that he indirectly offered a \$25,000 bribe to a juror to swear, after the recent jury-tampering trial, that the Teamsters president did not receive a fair trial.

After the conviction, the indictment charges O'Brien indirectly offered the money to Mrs. Callie T. Key to induce her to make a false sworn declaration that Hoffa did not receive a fair trial. According to the federal government, such a declaration would have been used to support a motion by Hoffa for a new trial.

OR LIBONATI'S pursuit of justice could take him back to his native Chicago. He is on the Judiciary Committee and inquiry in the proper places in the Chicago police dept. could get him a copy of sworn testimony by one of its officials to the effect that one of the city's influential Teamsters, Joe J. Glimco, is considered an intimate of the Cosa Nostra chiefs there.

The Justice Department has just about completed its probe of Glimco and the public soon will be hearing of it. Glimco is a friend of Hoffa's. Will Congress be called on for still another probe into his civil rights?

## Eyes on GOP

By DAVID LAWRENCE

Whatever may be the pros and cons of the efforts by opponents of Sen. Barry Goldwater of Arizona to prevent him from getting the Republican nomination, the controversy has certainly stirred public interest throughout the country and focused attention on the Republican party.

David Lawrence

For one thing, the general public is being educated in the techniques of practical politics. People are discovering that, even if a candidate wins in state primaries and local conventions and gets the assurance of support by a majority of the party's delegates a month ahead of the national convention, he still cannot be sure that something may not happen in the interval to woo his delegates away.

It's a matter of great interest as to just how the "wooing" is done and what are the considerations that cause delegates who have become committed to one candidate suddenly to shift to another.

Gov. William Scranton of Pennsylvania happens to be the most vocal of the opposition bloc, but to assume that the nomination contest is between Sen. Goldwater and Gov. Scranton alone is to over-simplify the situation. The first objective of the practical politicians who are opposed to Sen. Goldwater is to break down the Arizona senator's strength. This does not necessarily mean that Gov. Scranton is to be the final beneficiary.

ON THE CONTRARY, he might find himself with a substantial number of delegates but not enough to attract a majority. The Goldwater faction still could be strong enough to block his progress and the Goldwater group of delegates would thereupon have the deciding voice.

All along there has been the feeling that a stage would be reached in the convention when a "compromise" candidate

would be brought forth, and it has been assumed that then Richard Nixon would have his chance.

Theoretically, Mr. Nixon, having had eight years in the office of vice president and having come close to winning the presidency in 1960, would be logical as a compromise choice. Some antagonisms to his candidacy have been built up in recent weeks because of the comments about the various contenders attributed to him, though Mr. Nixon himself denies having made the criticisms which have caused ill feeling in the Goldwater camp.

If the time does come when Sen. Goldwater has to make a decision as to where he will throw his support, it is more than likely he would prefer Mr. Nixon to Gov. Scranton or anybody else. The Goldwater managers, however, are confident that they will win the victory, though they are prepared for about three weeks of sporadic attacks by other factions inside the party.

THE MOST interesting thing about the preconvention battle is the nature of the backing given to all the various persons who have been mentioned for the Republican presidential nomination.

With the exception of Mr. Goldwater, none has had the support of delegates across the country in any substantial way. Gov. Scranton is, of course, a newcomer to national politics, and it is not to be expected that he will become widely known in the next 25 days.

His name may be in the newspapers a good deal but this publicity is not as important in preconvention politics as is an intimate acquaintance with the local leaders of the party in the different states. It explains why Gov. Scranton is moving around so rapidly and meeting in person with leaders of the various state delegations.

So, when the Republican convention opens in San Francisco on July 13, it seems likely that Sen. Goldwater will have much more support in the rank and file of the Republican organizations throughout the country than any other would-be candi-

date.

POLITICAL HISTORY does not indicate that such a man can be overthrown merely because a militant minority here and there may dislike him. The chances are that, unless some new strategy is devised or some combination or coalition can be effectuated by practical politicians in the East who are opposed to Sen. Goldwater, he probably will go to the convention with an assured majority.

The battle will not, however, end at that point. The chances are a big fight on platform principles will be waged, and an effort will probably be made to write the kind of platform that it would be difficult for Sen. Goldwater to accept. The platform is adopted before the nominating speeches are made or the balloting takes place. A defeat on platform issues would hurt the prestige of the Arizona senator.

This is not to say that all these contingencies will arise, but they are the many ways by which the front-running candidate in politics is sometimes prevented from getting the prize.

## Cuba And the 'Big Lie'

By BARNARD L. COLLIER  
Herald Tribune News Service

MIAMI — The rarest commodity in Cuban exile-ridden Miami these days is the truth.

But in wartime—and at least some exile are at "war" here—too much truth hurts and spreading lies is a virtue.

Exile leader Manuel Ray got caught recently in one of those "virtuous" lies. He vowed for a year that he would be fighting Fidel Castro inside Cuba by May 20 or die trying.

Alive and embarrassed to frustrated tears, he was instead captured by a British destroyer in a Bahamian key on June 1, his pledge unkept.

To make matters worse, his seven companions on the unfulfilled mission included two American photographers and a Cuban-born woman—hardly the kind of group that lends itself to a successful infiltration operation against a foe as powerful as Premier Castro.

THE IGNORABLE arrest of Ray (he and the others were fined \$14 each for illegal entry by a Nassau magistrate) was greeted in Miami with gloomy suspicion and chortling glee, a normal reaction among the splintered exile groups.

The pro-Balstates describe Ray's misadventure as a weekend party on Anguilla Key with "women and everything." Ray's supporters implied that there was a conspiracy between the U.S. and the British to pick the group up and pointed to the State Department admission that a Coast Guard plane helped run down exile anti-Castro plans.

The Ray incident is symptomatic of the confusion and cross-purposes rampant among the exiles, and it also spotlights the incredibly divisive effects of the Central Intelligence Agency's operations against the Castro regime.

Out of all the confusion, these points seem reasonably clear:

1. The situation inside Cuba is now still extremely tense, with Castro's militia remaining on alert and a brutal crackdown against any sign of anti-government activity. It was announced on June 6 that the regime had executed Cesar Dia Infante, international commerce director of Orient Province—the eighth accused CIA agent to die before a firing squad within as many days.

2. The state of alert has taken thousands of men from their jobs in the fields and factories, a blow to the staggering Cuban economy.

3. Ray's scare campaign before the May 20 date damaged the morale of the Cuban militia, and if and when Ray does successfully infiltrate, may pay off for him.

THE ONE great point on the minus side is that those inside Cuba who felt they could depend on Ray's ability may now feel that he has proven himself inept and untrustworthy. If there were many Castro Cubans high on Ray's list of possible defectors, they might be having second thoughts.

The Cubans who know firsthand the difficulties of getting in and out of Cuba make it plain that Ray might well have encountered serious trouble on his infiltration attempt.

He was caught while waiting for a better time. Exile infiltrators have in the past bobbed around the Caribbean for as long as 23 weeks before the time was right for their landing.

"You must remember," said a Cuban who has made several infiltrations for the CIA, "that Manuel Ray wasn't going to permit itself sabotage. He had to have meetings with the underground leaders face-to-face. With Fidel's huge mobilization, that might have been impossible for him until after the May 20 deadline. He was in the bad position of causing the alert which he hoped would help him with the militia and also being kept out of Cuba because the strength of the alert was too much for him."

## Ohio Chemist, Family to Seek New Life In Virgin Islands

CLEVELAND (AP) — Leo J. Elmerick is trading in his life as a chemist in Ashtabula, Ohio, to sail with his wife and six children down the Mississippi River in his boat and on to the Virgin Islands, where they'll settle.

Elmerick has no schedule for the three-to-four-month voyage and doesn't know what he'll do in the Virgin Islands.

"If I had to have a schedule, I wouldn't have bothered to leave Ashtabula," he said. "I already had a scheduled in Ashtabula."

Elmerick has degrees in mathematics for the General Tire & Rubber Co.

The captain and his crew, 17-year-old Fred Alvarez, a friend, were repairing a chipped main-fold on his 55-year-old sailboat at the Cleveland Yachting Club. The family has sailed 56 miles on Lake Erie on its first leg of the trip.

Elmerick, 39, who grew up in the Canton area, has been

thinking about his sojourn a long time.

Last year the Elmericks flew to the islands to make sure that was where they really wanted to settle. They bought their 42-foot boat with an auxiliary engine and had it shipped to the United States from Holland.

When Elmerick was in the Virgin Islands, he was told he could choose among a number of jobs almost at a moment's notice. He is qualified to teach.

The family includes a 12-year-old son and five daughters ranging from 17 to two years.

Their route is through the Great Lakes to Chicago, along the Chicago Canal to the Mississippi and then to the Gulf of Mexico. They will island hop then through the Caribbean. The route was chosen to spare the children the rough ocean trip down the Atlantic coast.

But all six children were sick on the 14-hour trip from Ashtabula to Cleveland Wednesday and Mrs. Elmerick said she hadn't felt too well herself.

## Barber Involved In Racial Dispute Sells His Shop

YELLOW SPRINGS, Ohio (AP)—Lewis Gegner's barber-shop now is open to anyone with the price of a haircut but Gegner, center of a four-year civil rights dispute in this western Ohio community, has pulled out. The shop has been sold to Russell Hughes of nearby Xenia.

He announced Thursday that Gegner reiterated that he will never cut hair in Ohio again.

The shop has been the center of numerous civil rights demonstrations, including one earlier this year that resulted in the arrest of more than 100 students from three area colleges.

They were protesting the refusal of Gegner to cut the hair of Negroes on the contention he didn't know how. He still claims cutting Negro hair requires a special knowledge he doesn't have.

Only one unresolved legal question remains from the prolonged court battle Gegner engaged in to keep his shop segregated. That is an appeal to the Ohio Supreme Court stemming from his conviction on charges of violating Ohio's public accommodations law.

Hughes said his shop will be open to all comers.

### FACE KIDNAP COUNTS

COVINGTON, Ky. (AP)—Two Tennessee jailbreakers face a preliminary hearing next Thursday on federal charges of kidnapping Mayor Daniel D. McDonald of Madeira, Ohio. Madeira is a northern suburb of Cincinnati, just across the Ohio River.

The FBI filed the charges Thursday against Charles Robert Scott, 33, Chattanooga, and Larry Gene McCamish, 23, Harrison, Tenn. Agents said the pair were among six prisoners who broke out of jail at Chattanooga on June 9. McDonald says Scott and McCamish attacked him Monday afternoon and robbed him of between \$55 and \$70. They then drove him across the Ohio River and dumped him in a cornfield in Boone County, Ky.

## Hints from Heloise

By HELOISE CRUSE

DEAR HELOISE: Here's another hint for using your nylon net. Make a drawstring bag about 18-inches-square. When returning from the market, wash all salad vegetables carefully in cold water, place them in the net bag, then take it outdoors and whirl the bag around and around.

In a few seconds the vegetables are dry and ready to put into the refrigerator. No further washing is required. It saves time and nutrients.

MRS. WM. PREUCIL.  
Very sanitary, too. Nylon net has no pores. Thanks, Mrs. Preucil.

HELOISE.

DEAR HELOISE: I buy odd and ends of artificial flowers and leaves (any size or shape for a small price when they are tossed in the bin at the dime store.

In the fall I spray them and also some dried weeds with spray paint. (They look like nothing as is, but a coat of paint does wonders!)

You will be surprised what a lovely flower arrangement you can make.

MRS. FRANK HUMPHREY.

DEAR HELOISE: When I had trouble with shirts tangling in the automatic washer, I decided to do something about it. Here's my solution:

Before putting the shirts into the washer, I button the sleeves together on each shirt. Now they come out untangled.

After I hang them on the line I unbutton the sleeves. No more Monday blues!

PINKIE.

DEAR HELOISE: Cleaning time is always with us!

I saw two old, terry cloth hand towels together in the form of a pillow case and slip them over my dust mop for wiping down walls.

These towels are easily washed and ready for use again.

FIRST TIME SUGGESTION. And why did you wait so long to send us your suggestion? It's a lulu!

HELOISE.

DEAR HELOISE: I was about ready to throw away my old bread box, and then I got the bright idea of putting it to good use.

I turned the bread box on its back. This way it has a divider in it, so I am using it now for storing onions in one side and potatoes in the other side. It makes a very good vegetable bin.

EVERLYN W.

DEAR HELOISE: Take a fruit jar and fill it with flour, salt and pepper to taste and mix it well. Punch some holes in the lid with an ice pick and IT'S THE MOST WONDERFUL it's the most wonderful flour shaker in town.

By using this to shake over the grease when making gravy, I never have lumps. It is also wonderful to flour meats with, and easy to refill.

MRS. R.

DEAR HELOISE: We use a lot of lemon juice, so I squeeze lemons and fill my freezer trays. When the juice is frozen, I release the cubes and transfer them to a plastic bag and leave them in the freezer.

If the children want lemonade during the summer we add a cube to a glass of water, sugar, etc., and it's ready in a jiffy.

A cube of this juice is nice to put in a glass of coke, too.

MRS. M. SCHNALLI.

## Beauty for the asking

By JOSEPHINE KAERCHER, Beauty Consultant  
MERLE NORMAN COSMETICS STUDIO

With summer on its way and nearly here, let's face up to this season's biggest complexion problems — too much sun produces too-dry skin; too much heat, you're in trouble with accelerated perspiration and the danger of unpleasant body odors.

It should be pretty obvious that I wouldn't waste this precious space on problems like these if I didn't have the very best solutions already at hand.

In the first place, nobody at all needs to feel self-conscious about body odors any more. Put a hex on 'em, and they're gone. I mean a wonderful mild but effective deodorant hex, of course, and I just happen to know where to get it and what to buy in ordinary strength or as a liquid or creamy super-hex for those really miserably hot, moist days. Just ask me. Write to me, care of this newspaper, or phone me directly and I'll be delighted to tell you.

Meanwhile, before you start thinking about sun-baths and summer days in the sun, please do remember that your tender skin has been literally under

wraps for several months. You're not only pale, you're genuinely susceptible to burn.

Take the sun easily, in short doses at first. Not more than 15 minutes the first day. Choose a Sun Tan Lotion especially created for delicate skin, one that filters the injurious rays of the sun. To tan evenly, be sure to turn often. And to tan faster, and still be safe from painful burn, apply a creamy tannore lotion with moisturizing protection and use it generously.

Now, for the big secret and the best protection of all for your face and neck. Use a genuinely water-proof powder base which is so porous it lets you tan without any fear of burning, and your make-up continues to look beautiful, in or out of water.

Get ready to face the sun before you really face it. Then live impulsively. Write to me, care of this newspaper, or phone me and let me show you how to apply a completely waterproof make-up during a free hour of beauty. It's all for the asking, free.

## Pottery Union Plans for Election

The International Brotherhood of Operative Potters today announced plans for special primary and general elections in September and October to fill the second vice presidency left vacant June 1 by the resignation of William Rail of Huntington Park, Calif.

Rail, who directed the international's West Coast office, announced his resignation May 20 on the advice of his physician. Acting temporarily in his place is Bernard Rowbottom, also of Huntington Park, whose regular post is 10th vice president.

The IBOP said local unions may make nominations for the vacancy between July 20 and July 31. The names of the nominees must be reported to headquarters by Aug. 10.

The names of the nominees will be published, starting the week of Aug. 13, in the Potters Herald, official union newspaper. Those who wish to accept a nomination must submit an official form to the headquarters by Sept. 2.

The primary election will be held Sept. 15. The IBOP said local unions must have the election results in the hands of the canvassing committee within 72 hours after the balloting. The results will be tabulated Sept. 22 and the general election will be held Oct. 13.

member parent Appropriations Committee.

While Passman and his colleagues have refrained from publicly discussing the controversy, Passman reportedly wants a cut this year of at least \$500 million, all of it in economic assistance funds.

The subcommittee is sharply split over whether to uphold Passman or the President.

Passman's difficulty with the subcommittee this year stems in part from the recent death of Rep. Clarence Cannon, Missouri Democrat who headed the full committee and usually supported Passman. Cannon was persuasive with other subcommittee members.

The new chairman of the parent committee is Rep. George H. Mahon, D-Tex., a foreign aid supporter and a close personal friend of the President. Mahon has power to shuffle subcommittee assignments, a maneuver resorted to on occasion by Cannon to punish balking members.

## SPEAK ON FOREIGN POLICY

CLEVELAND (AP) — The United Nations has had its failures, but it can be proud of its peacekeeping record in the last 19 years, says Joseph J. Sisco, deputy assistant secretary of state for International Organization Affairs.

Sisco and other State Department officials spoke Thursday to 1,500 persons at a foreign policy discussion. The one-day program was sponsored by the Adult Education Council of Greater Cleveland, Western reserve University and the Cleveland Press. Among other speakers were Undersecretary of State George W. Ball and G. Mennen Williams, assistant secretary of state for African affairs.

## Scranton

zona, his front-running opponent for the nomination, would be defeated by President Johnson if he voted against the compromise civil rights bill nearing a showdown in the Senate.

Scranton, who returned to the state capital early Thursday, ran into a civil rights problem of his own, when demonstrators picketed the Capitol and threatened to picket every stop on his campaign tour unless he did something about alleged state police brutality in a racial incident at Chester in April.

Aides succeeded in delaying action by the demonstrators for a week.

Scranton's campaign staff has arranged an afternoon meeting today at Louisville with Kentucky's 24 uncommitted delegates.

Although 16 of the Kentuckians reportedly lean toward Goldwater, Scranton said he had been told by the state's two Republican senators, Thruston B. Morton and John Sherman Cooper, that conditions would be "extremely favorable" to Scranton on the second ballot at the convention.

The most dramatic announcement came from Sen. Barry Goldwater, R-Ariz., front-running candidate for his party's presidential nomination.

He ended the speculation about his position by announcing he would reluctantly vote "no" because he felt two key sections of the bill "fly in the face of the constitution." These are the public accommodations and employment titles.

ound the core controlled by the injections of nitrogen gas, protecting against oxidation and other damage.

"Planned production will be over 100,000 pounds of formed cores a month," Parker declared.

Also in operation at the trailer plant were axle assembly press and the frame jig where the main trailer is assembled. The group was told that Sterling-Salem is one of four major trailer manufacturing concerns. These, in addition to 65 to 70 small manufacturers and welding shops, produce more than 100,000 boat trailers a year, Parker says.

Sterling itself produces trailers ranging from a 400 - pound fishing boat trailer to a four-ton tandem for outboard and inboard motors and for sailboats. The company also makes utility trailers to order.

The operation of the general fabricating section, where general sheet and plate steel fabricating is done, principally for heavy industries on a sub-contract basis, was also explained at the open house. Among products are steel tanks and switch gear cabinets for electrical distribution and power transformers.

Parker said the firm has been favored by a good contract from the Federal Aviation Agency for metal electrical transformer substations. These consist of a metal house with a transformer with 45 to 75 KVA and lightning arresters mounted inside. The current orders amount to more than \$130,000, the president disclosed.

Guides also discussed industrial space heating furnaces of 300,000 to two million BTU's per hour and either oil- or gas-fired. These are made to order for plants over a six-state area and are also used for heating gold and uranium mines in northern Canada.

day. Goldwater concedes that civil rights is one point on which they disagree.

Scranton quickly sought to turn the Goldwater decision into ammunition for his own crusade. In declaring it means Goldwater cannot defeat Johnson next November, Scranton said, "The overwhelming majority of people in America favor the civil rights bill."

Sens. Kenneth B. Keating and Jacob K. Javits of New York, foes of Goldwater's bid for the nomination, both criticized the senator.

But Ellender said, "If he votes against this bill he is going to give the President a tough battle."

Goldwater himself has said the Republicans need the South to win this year.

Goldwater announced his civil rights vote after telling former President Dwight D. Eisenhower about it in a secret flying visit to Gettysburg, Pa.

"We had a general discussion for about an hour," he said back in Washington.

TV-Radio Today

By ALAN GILL  
Strawberry Soda  
"What color would you call your hair?"  
"Strawberry Soda."  
"And your eyes?"  
"They're blue but they're green. When they burn they're green."  
"Have you any general description of yourself?"  
"Somebody's analyst said I sounded like a very basic girl. I'm not a swinger but I'm not the opposite, either."  
"What do you do when you're not singing or acting?"  
"I ski, water ski, cook, re-finish antique furniture, sew or go camping out on an island somewhere."  
"You don't look like the camping-out type."  
"I do a lot of things I don't look like I do. I also don't do a lot of things people think I look like I do."

THE BASIC GIRL with the strawberry-soda hair and the sometimes green eyes is Meg Miles and you can bet she is something to look at. You may, incidentally, see for yourself this Sunday night, June 21, when she shows up in her very first TV role — the conniving wife of John McGiver in a "Du Pont Show of the Week" comedy, "The Missing Bank of Rupert X. Humpendink." Coincidentally, the program is the last taped original comedy coming from New York on the last taped original series coming from New York.

"I've closed a lot of clubs," said Meg Miles, "but this is the first time I've closed a television era. I'm sorry it's gone — and just as I land my first role. You get one, you get a million in this business. This is a nice part, too. It gives me a chance to lead the villain down the primrose path. And my character progresses: I go from wife to ex-wife."  
And what can she do now that she has closed out taped TV?  
"OH, THE BEST THING that could happen would be a good role in a musical comedy, or a starring role and lots of money in a New York TV series. I want no part of a Hollywood series, though I was just up for one recently. My home is here. New York is a city and what goes on in the whole world goes on here. Actors are better here. They are people. In Hollywood, everybody looks the same, whether they're tall, short, blond or redhead. They're the same."  
Miss Miles, as you may have gathered, is a singer as well as an actress. She sang the title song in the movie, has played stock in the role of "Gypsy," but has focused her career for years in the clubs.  
"I have several voices," she said, "including a big, chesty voice, a little soprano voice and a sort of husky whispering thing that I like. They're all represented in an album I made two years ago, 'Meg Miles at the Living Room.'" She tilted her blue eyes, which had just gone green, and added, "I'm told it's a collector's item."  
While she prefers to sing "hot, slow, torchy things with big orchestrations," she'd also like to record a rock 'n' roll song, and "something funky."

Funky? "Yes, funky means laying it down in this spot, in the groove. Funky is 'uh' while cool is 'chhhh.'"

THERE ARE A FEW OTHER things one should know about Meg Miles before encountering her on TV, and I shall try to list them all. She was born and raised in Tracy, Calif., of Welsh descent on her father's side. The Welsh in her is evident in her Christian name, Meggin. As a show name, she feels Meg Miles will do nicely, though old people tend to say it "Meg's Mile" and the man who directed her in "Humpendink," Marc Daniels, called her "Meg Mundy" on one occasion. Mr. Daniels was formerly married to Miss Mundy.  
Meggin studies acting with Lee Strassberg outside the Actors Studio, hopes to be accepted inside one day, and loves performing the impersonations Strassberg assigns to his student. Miss Miles was a pepper shaker the other day and got an A for it.  
A pepper shaker with strawberry-soda hair? Chhh.

Mahoning County granges held a contest at Poland Grange, Mrs. Dorothy Dennis won second place in cupcake with Mrs. Raymond King, juvenile matron, winning first place in scrapbook, Richard Gednetz earning first in soap carving and Toni Gednetz second in potato prints from Smith grange.

Program theme was "Father's Day." Group singing, readings, "Fathers" by Mrs. Louise Stahl and Mrs. Cecil Clay and a skit by Mrs. Ralph Stump and Mrs. Hazel Mizer were part of the program.  
Smith Juvenile Grange honored Dale Bowersock for his perfect attendance for the past three months. Members worked on gifts to give their fathers. Richard Lee and Dale Bowersock were honored on their birthdays.

West Branch Band Mothers Convene  
A uniform committee was appointed for next year when the West Branch Band Mothers met Monday at the high school.  
The committee is composed of Mrs. Leland Glass, chairman, Mrs. Delbert Nestrick, Mrs. Howard Neiswanger, Mrs. Dwayne Oesch, Mrs. Jack Strain, Mrs. Wayne Haynes, Mrs. Phillip Herold and Mrs. Charles Ware.  
Mrs. Richard Burton, president, opened the meeting with prayer. It was announced that 31 uniforms have been dry-cleaned.  
The club voted to purchase shirts and gloves to go with the new uniforms. Each individual will then pay for his own.  
Meetings will be held throughout the summer. Next meeting will be July 20.

Granges

Guilford To Meet  
Charles Morlan will inspect Guilford Grange when they meet Saturday night at the grange hall. Those attending are requested to bring shortcake for the lunch. Strawberries will be furnished by the home economics department.  
Smith Has Dinner  
Thirty-four members of Smith Grange attended a birthday supper followed by a business meeting. Mildred Gednetz, master, appointed Russell Woolman, Eugene Courtney and John Hammond to select a family for rural-urban contest at the Canfield Fair.

Palmer Only Golfer To Break Par As Open Starts

Arnie Leads By 2 Strokes

5 Pros Shoot 71 To Tie For Third

By JIM BECKER

Associated Press Sports Writer

WASHINGTON (AP)—Arnold Palmer has 196 holes to go on the Grand Slam of golf.

That works out to 54 more holes of the U.S. Open here—18 today and 36 on Saturday—and 72 holes each at the British Open and the PGA. Palmer won the first leg, the Masters, in April.

The British Open is at St. Andrews next month. Palmer might just walk over there on the water. Hardly anyone who watched him trample the brooding, brutal Congressional Country Club course here Thursday would expect Palmer to sink if he undertook the tourney.

Palmer cut a two-under-par 68 out of Congressional—the only player in the field of 150 of the world's best golfers to break par in the opening round.

Only one golfer, obscure pro Bill Collins of Baltimore, matched par 70 over the 7,053-yard course, longest ever used for the Open.

All the others were over, including such as:

Defending champion Julius Boros, who had 77, including two double bogey fixes on the bank nine.

Champagne Tony Lema, who came to the Open with the hot hand off two straight tour victories, and faded to a 71 after a fine 33 on he front nine.

Jack Nicklaus, the Ohio golden bear and co-favorite with Palmer, who bogied the last three holes for a 72.

Old Sam Snead, at 52 trying for the 24th consecutive time to capture the one big title that has always evaded him, who had a 77 that included four putts from 15 feet on one green.

So widespread was the toll exacted by the course that only 46 less than one-third of the field—broke 75.

And 31 were 80 or above, more than one-fifth of the field.

After today, the field will be cut to the low 50 scores and ties—and the way things are going they may have to ask for volunteers.

Johnny Pott, Billy Casper, amateur Billy Campbell and little known club pro Joe Zakarian of Modesto, Calif., joined Lema at 71.

Among the group at 72 was Bob Charles, the left-handed British Open champion from New Zealand, who must have contemplated switching rather than fighting when he played the first six holes in 5-3-3-5-5-5—five over par.

But Charles stuck to the left side, and had a 32 on the back nine, the best score for that shattering stretch.

Palmer, stalking the fairways like an angry panther and luring the entranced legions of Arnie's Army in his wake, started off as if he were really human.

He missed the fairway with his driver on every hole until the eighth, and collected his only bogey on the third hole when his drive caught the rough and his second to the green ran over.

"I got away with some bad driving for seven holes," Palmer said. "Then I got it under control."

2 Homers Lift Chicago Back Into 1st In Torrid AL Race

By MIKE RATHET

Associated Press Sports Writer

The rabbit ball and the flutterball have lifted the Chicago White Sox back into first place in the American League.

The lively rabbit ball was lofted out of Baltimore's huge Municipal Stadium Thursday night by two of Chicago's bunt-and-run specialists — Mike Hershberger and Al Weis—and provided the only runs in a 2-0 victory over the Orioles.

The deadly flutterball was lofted up to home plate by knuckleball specialist Hoyt Wilhelm, who probably has the most deceptive pitch and record in the majors.

Wilhelm came on in relief of Frank Kreutzer for the White Sox in the seventh inning, allowed only one hit and lowered his earned run average to 2.11. That, oddly, goes with an 0-4 record. The 40-year-old right-hander, however, has made 28 appearances and been in 17 winning games.

Baltimore starter Dave McNally gave up only four hits in

seven innings, but Hershberger and Weis proved too much for him. Hershberger hit his first homer of the season in the fourth inning and Weis connected for his second in the sixth.

That was more than enough as the White Sox shoved the Orioles into second place, seven percentage points behind, while the New York Yankees closed to within on-half game of the top by downing Boston 6-3. In the only other AL game scheduled, Kansas City edged Detroit 3-2.

Elston Howard and Tom Tresh each drove in two runs for the Yankees while Rollie Sheldon went all the way for his first victory. Howard slammed a two-run triple off loser Jack Lamabe in a four-run, first-inning uprising and Tresh wrapped up the New York scoring with a two-run homer in the seventh.

Ed Charles' leadoff homer in the ninth inning won it for the A's and handed the defeat to his former teammate, Ed Rakow. The Tigers had tied the score in the seventh on Bill Freehan's homer. Kansas City had capitalized on a dropped fly ball by Jake Wood for its other runs in the fourth inning.

Javier Provides Batting Punch As Cardinals Edge Giants 7-6

By HAL BOCK

Associated Press Sports Writer

It's the ninth inning and your team is down by a run with two

men on. Who do you want as your hitter?

How about Willie Mays? Well, Alvin Dark had him Thursday night, but he'd have been better off with Julian Javier.

Kohlmyer Advances In Junior Golf

MANSFIELD, Ohio (AP)—Ken Kohlmyer came to the Mid-America Junior Open Golf Tournament with just three games under his belt for the season.

The Cardinals were trailing the Pirates in just that situation Thursday's 7-6 St. Louis victory. Mays had slammed his 20th homer and two singles earlier but against Ron Taylor in the ninth, he struck out.

He was entered in this morning's quarter-finals and he beat the defending champion to get there.

Javier, the Cardinal second baseman, did more damage than Mays, cracking a homer, double and single and driving in five of the Cardinal runs. It was a single-game St. Louis RBI high for the season.

Kohlmyer, whose Lorain High School has no golf team, defeated Jim Short of Toronto, Ont., 5 and 4, Thursday, to gain the quarter-final spot. He needed only 14 holes over the Possum Run Course, finishing one

ceer par.

Short was handicapped by six bogies, four of them in the last eight holes.

Olson has an unbeaten streak of eight in his latest comeback campaign. He also has a good chance to get a title fight with light-heavyweight champion Willie Pastrano in San Francisco this October.

The Cardinals, hard-pressed for runs during their recent road trip, battered Giant ace Juan Marichal for 11 hits and all their runs in the five innings he worked. It was Marichal's third loss in 11 decisions.

The first and only time he had a shot at the 175-pound division crown also was his last fight in New York. That was at the Polo Grounds on June 22, 1955. Old Archie Moore knocked him out in the third round and Bobo ducked out of the ball park before reporters could talk to him.

Al Jackson's seventh straight loss and ran the little lefty's season's mark to 3-10. It was the sixth straight setback for the Mets.

"I'll be around after this one" promised Bobo.

Olson, ranked third among the light-heavy contenders, has a 87-13-2 record, including 40 knockouts. Persol is ranked eighth.

The bout will be telecast nationally by ABC-TV. Starting time is 9 p.m., EST.

The other pairings were Bob Peterson of Columbus vs. Yank Heisler of Ravenna; John Cowan of Urbana vs. Derek Kent of Gallon, and Jim Baske of Benton Harbor, Mich., vs. Tom Paul of Peninsula, Ohio.

The four victors of the quarter-finals were to meet for another 18-holes in the afternoon. The 36-hole championship match will be held Saturday.

Tebbetts May Return June 29

Tribe Opens 10-Day Road Trip Tonight

LOS ANGELES (AP)—Cleveland opens a 10-day road trip tonight against Los Angeles, and when the Indians return home June 29 they may find manager Birdie Tebbetts waiting for them.

"I told you before that this is a team that's going to have its ups and downs—and it's also a team that's going to bounce back. Look at what they did to the Minnesota Twins.

Tebbetts, sidelined since suffering a heart attack April 1 in spring training in Tucson, revealed this in a telephone interview Thursday from his home in Maria Island, Fla. He said that he expects to be on hand when the Tribe comes back to Cleveland to play Chicago. George Strickland has been acting manager.

"It seems the pitching is getting better each day, although I don't think it's as good as it's going to get."

Tebbetts, scheduled to take another physical examination at Mayo Clinic sometime after July 1, said he doesn't expect to have any trouble passing it.

When Tebbetts takes hold of the Indians' managerial reins again—around mid-July—he said, he's going to let Strickland keep running the team, adding:

"I expect to be more of an observer than anything, at least until I've been back with the team for a while. Don't forget, I haven't seen them since last March."

Of the Indians' performance so far, he said:

## CIO 3816 Hands VFW 1st Loss 7-3; Mullins Wins 16-5

In the season's first showdown class, CIO 3816 handed VFW its first loss 7-3 in junior baseball Class E competition at Centennial Park Thursday.

Robert Briskin had a perfect day at the plate as he led Mullins to a 16-5 victory over Farmer's Bank, and Sekeles chalked up its sixth straight by trimming Fisher's 6-4 in Class F contests at Memorial Park.

In Class G action, Italian Club clipped Scott's Sports 5-3, and Brickers handed Petrucci's a 6-5 setback.

Moose scored in every inning but the third to defeat Merchants' 21-6 in a Class H game at Buckeye Field.

With the score tied 3-3, CIO 3816 picked up two runs as Scott Thomson hit a single, John Paul Tolson belted a double, and Phil Shasteen connected for a single.

Joe Maxim and Thomson each had a pair of hits for the winners (3-6).

VFW took a 3-0 lead in the initial inning as Jim Windram, Chuck Alexander, Joe Rottenborn and Larry Fester hit singles.

Mullins broke open its contest with Farmer's in the third inning. Key hits were singles by Briskin, Scott Cody, George Zellers and Terry Whitman to give the winners four runs.

A pair of walks and singles by Dave Green, Scott Cranmer and Ron Albright, who collected two hits during the game, gave the losers (2-4) a 2-0 lead in the second.

Briskin collected two doubles and three singles for the winners (4-2). Zellers had three singles, and David Gleckner belted a triple and single.

Mike Palmer clouted a two-run home run in the top of the seventh to keep Sekeles' unbeaten streak alive.

Fisher's (4-2) had gone ahead 4-3 in the fourth scoring two runs on three errors, two fielders' choices and a single by Jim Fattler.

Italian Club broke a 3-4 deadlock in the seventh with two runs on a walk and a single by Bill Odorizzi.

Odorizzi paced the winners (4-3) with two hits. Mickey Linder and Ken Stein led Scott's (3-5) with two hits apiece.

Brickers went ahead to stay in the third scoring three runs on a walk, two errors, and singles by Dale Falk, Tom Fisher, and Dave Sechler.

The winners (2-6) added two insurance runs in the fifth. Larry Hrvatin hit home runs in the first and fourth frames, and Kevin Rhodes socked a triple in the sixth for the losers (2-5).

Moose (6-1) tallied five runs in the second and fifth frames and added six more in the sixth. Dave Odorizzi clouted a home run in the sixth.

Ed Hardy, Bill Henceroth and Doug Hoobler were the only players on Merchants (1-6) to get hits.

IN NORTHEAST RACE

Caramel Hanover, a two-year-old pacing filly of William Albright of Salem, will be after her third victory as she goes to the post in the fourth dash at Northfield Park tonight.

Bruce Nickells will be at the reins.

She will be pacing from the four slot as she faces Hope Time, Linda's First, Raetta Dream, Kentucky, Misty D. Jeanette S., and J. H. Dandy.

## Fife Hurls Merchants To 6-1 Win; Gold Bar Is Upset 4-3

Don Fife turned in his best pitching performance, tossing a two-hitter as Salem Merchants' handed Willie's Bait Shop a 6-1 setback in City Softball (fast-pitch) League action at Kelley Field Thursday night.

Fernengel's, pulling off the biggest upset in the loop so far this season, knocked Gold Bar out of first place by triumphing 4-3.

Old Dutch regained the number-one spot by trouncing Charlie's Boats 10-3.

Barry Callesen walked to start the game for Willie's, and he scored the first run of the game as John Abel hit a single.

Norm Spiker got the loser's (0-10) only other hit in the fourth.

The Merchants went ahead (2-1) in the second inning as Rick Morrison singled, Joe Carmelo socked a triple and Dwayne Stanley connected for a single.

The winners (5-4) iced the contest in the fourth by tallying four times. Key hits were doubles by Stanley and Ken MacLemore.

Old Dutch bounced back from its initial loss to Gold Bar Tuesday to move back into the top spot in the standings again, by chalking up its sixth win in seven starts.

Six of the winners' nine hits were for extra bases, with the key blows home runs by Jim Barnes and Dick Youngpeter, who also belted a pair of doubles.

Bob Carbaugh, who has played three positions so far this season for Old Dutch (pitcher, outfield and catcher) broke a 3-3 tie in the third inning when he came racing home on a two-base blow also scored Bob Stallsmith.

Jerry Weizenacker belted a two-run home run for the losers (6-3) in the second inning. Thompson collected two hits to pace Charlie's.

Gold Bar held a 3-0 cushion going into the sixth inning when Fernengel's retaliated with four markers.

A couple of errors, singles by John DelFavro and "Lefty" Schmidt and a triple by Chuck Bush brought in the runs.

DelFavro paced the winners (4-5) with two singles. Bob Chapman hit a triple in the three-run fourth frame for the losers (6-2).

ANSWERS YOUR PROBLEMS

Dear Readers: Remember the letter from the neighbors who wrote about Kelly's dog who wouldn't eat meat on Friday? Well, that letter unloosed a torrent of testimonials which strongly suggests that our furred and feathered friends are at least as smart as people—if not smarter. Here are some samples from my mail:

Let us send you the free 20-page booklet "INVESTMENT FACTS" showing how you can get started on an investment program. Mail Coupon or Phone

HIGHLAND PARK, Ill.: If you think Kelly's dog is unusual what would you say about our English setter, Leviticus?

We got 'Lev' when he was 4 months old — a gift from friends who are deeply religious. These friends adhere rigidly to the strict dietary laws of their faith.

Leviticus not only refuses to eat meat which is not kosher but the meat must be served to him on a Yiddish newspaper. We have tried English-language papers but Lev cannot be fooled.—RIGHT HAND UP.

Dear Right Hand Up: I have no comment whatever to make on Leviticus. Particularly since Mrs. Helen Palmer, the women's editor of a Toronto newspaper sent me a clipping from that paper describing a kosher cat, owned by Rabbi Louis Farrell.

The mixing of meat and milk is forbidden by Orthodox Jewish law. Rabbi Farrell's cat must have known this because he refused to drink milk when meat was served. Frequently the kosher cat demonstrated his dedication to this dietary law for guests—to their utter amazement.

## Trumped by Chimp

MIAMI: I don't want to take anything away from Kelly's dog, but did you know there was a chimpanzee down in Daytona Beach who used to play gin rummy?

His master began by letting the chimp play a few hands for kicks. When that chimp blitzed one of the best card players in Florida in three hands, the boys got mad and wouldn't let the monkey sit in the game.

SEATTLE: Our Weimar-ner, Ellsworth, loves classical music. He sits meditatively when Ormandy or Bernstein records are on the hi-fi. When the kids put on the rock 'n' roll Ellsworth leaves the room.

Several months ago our daughter bought some Beale records. Ellsworth whined and moaned and finally put his paw on the knob and turned the machine off.

## Mutt With ESP

COLUMBUS, Ohio: Our dog, "Strib," was only a mutt but he was an awfully smart mutt. When I was 9 years old, Mom announced to the family that we were going to have a new baby in the house.

The very next morning "Strib" went out for his morning walk and returned carrying a baby shoe in his mouth. He proudly laid it at Mother's feet. For the next several months he kept bringing home baby shoes—about one every two weeks. This went on until the new baby came and then he stopped.

KANSAS CITY: Our oldest daughter went with a guy I never could warm up to. When he came to call our beagle had to be put in the back hall. Sparky hated that fellow, and he sure did show it. She married the guy and he turned out to be a real rat. I told my two younger daughters I didn't want any

## LET'S EXPLORE OHIO

STATE PARKS

"Ohio's Scenic Wonderland" is one way that the Hocking Valley has been described. For generations this area has been this State's top scenic attraction and within a short driving distance from the city of Logan one finds Ohio's most popular State Parks such as Rock House, shown in the above picture.

Among the Hocking State Parks are: Ash Cave, Cantwell Cliffs, Cedar Falls, Conkles Hollow, Old Man's Cave and Rock House. All of these State Parks have hiking trails, picnic facilities, unusual flora and spectacular scenery such as few would expect to find in Ohio.

Geologically the Hocking Parks section is of outstanding interest. Here, through ages of time, the streams eroded the countryside to leave in bold, towering cliffs the massive rock stratum known as the Blackhand Conglomerate. This rock is of marine origin having been laid down along the shores of an inland sea of salt water.

Visitors to the parks particularly enjoy the trails which dodge along the gorges and snake their ways beneath the overhanging ledges.

These trails were trod by the moccasined feet of the Indians who roamed this land. And today happy voices of picnicking families echo from the cliffs of the Hocking Parks.

fellows coming to the house a second time if Sparky didn't like 'em. This may sound nutty, but both girls used Sparky as a guide and today they are married to two fine young men and are very happy.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

## The Doctor Says

By Dr. WAYNE G. BRANDSTADT

### Women Can't Take Some Pills

Contraceptive pills have passed from the "experimental" to the "proven safe" and "effective" stages providing they are properly used.

Un desirable side effects such as irregular vaginal spotting are observed in about 20 per cent of users, but are not a reason for discontinuing the drug.

The pills contain hormones extracted from animal ovaries or similar synthetic chemicals. They produce the changes in the ovaries and uterus that occur in early pregnancy. Thus, they inhibit the discharge of an ovum and also modify the lining of the uterus so that conception cannot occur. When they are discontinued, normal menstruation and childbearing ability is re-established.

THE PILLS ARE effective when taken from the 5th through the 24th day of the monthly cycle. They are safe, however, only in women who do not have a disease of the liver, thyroid or pituitary, or a history of thrombophlebitis, breast cancer or uterine cancer.

Furthermore, since they favor waterlogging of the tissues they should be used with caution by anyone with heart disease, migraine headaches, asthma or epileptic seizures. They should not be taken if there is any possibility that the user is already pregnant.

WOMEN WHO TAKE these pills usually gain weight unless the pills cause nausea or depression, but this gain in weight is due chiefly to retention of water rather than to a deposi-

tion of fat. Q—In a recent column on diverticulitis you recommended a bland diet. What would such a diet consist of?

A—In a bland diet milk, bread, cheese, cereals, custard, gelatin, cornstarch puddings, fruit juice, eggs, cream soups, broth and some meats are allowed. Pureed vegetables and fruits may be taken in small amounts.

The diet should contain a minimum of roughage (no raw vegetable or fruit and no bran). Pepper, mustard, horseradish, vinegar, catsup and other spices must also be avoided. Also omit smoked foods, greasy foods, pastries, jams, alcohol, carbonated drinks and strong coffee or tea.

Q—When a doctor does the Pap test does it show whether you have a tumor or an infection?

A—This test which can be done on a smear from the uterine cervix, the gums, the stomach and other mucous membranes consists of looking for cells suspected of being malignant. It is not a test for infection.

Dr. Brandstadt

tion in the usual sense, although cancer may turn out to be an infection, when the cause is finally discovered.
